WHERE OUR STUDENTS COME FROM

CET students come from a diverse array of academic institutions: from small liberal arts colleges to large public universities, from private boarding schools to urban public school districts. The top 10 partners who enroll the most students in our programs are American University, Elon University, Middlebury College, University of North Carolina at Chapel Hill, University of Michigan, University of Minnesota Twin Cities, University of Texas at Austin, University of Virginia, Vanderbilt University, and Yale University.

OUR ACADEMIC PARTNERSHIPS

We collaborate with partner institutions around the world to deliver academically-challenging programs and proof of the academic work students complete within these programs. Our partnerships with locally accredited host universities allow us to jointly issue transcripts. And our School of Record relationships with the University of Minnesota (for college study abroad and gap year programs) and Dickinson College (for high school and pre-college programs) allow every CET student who requires a US university-issued transcript to access one.
